THREE PHASE INNOVATIONS®

CUSTOM BUILT MODEL OPTIONS

All models are custom built, offering a full range of configurations manufactured to suit each individual customer's specific requirements. These models can also be installed in a Mobile Trailer if the customer desires.

• Prices for Cabinets, Tables & Platforms include a Fault Current Reactor & a 3 Phase Breaker Box •

Rolling Cabinets

(1) 3 Pole (9 breakers, 9 transformers)	$87,500.00
with Dual Voltage Transformers	$90,500.00
with Dual Voltage & Dual Polarity	$93,500.00
(2) 2 Pole (6 breakers, 6 transformers)	$72,000.00
with Dual Voltage Transformers	$75,000.00
with Dual Voltage & Dual Polarity	$77,000.00

Rolling Tables

(3) 2 Pole 6 breakers, 6 transformers)	$71,500.00
with Dual Voltage Transformers	$74,500.00
with Dual Voltage & Dual Polarity	$76,500.00

Rolling Tables

(4) 2 Pole with ***BUILT-IN FAULT CURRENT REACTOR***	
(6 breakers, 6 transformers)	$72,500.00
with Dual Voltage Transformers	$75,500.00
with Dual Voltage & Dual Polarity	$78,500.00

Rolling Cabinets

(5) 2 Pole with ***BUILT-IN FAULT CURRENT REACTOR***	
(6 breakers, 6 transformers)	$73,000.00
with Dual Voltage Transformers	$76,000.00
with Dual Voltage & Dual Polarity	$79,000.00

Rolling Platform

(6) 2 Pole (6 breakers, 6 transformers)	$68,500.00
with Dual Voltage Transformers	$71,500.00
with Dual Voltage & Dual Polarity	$74,500.00

Optional Equipment

(7) Custom Pelican Cases $1,800.00
(8) *Extra Transformers (each) $1,700.00*
(9) *Extra Dual Voltage Transformers (each) $2,100.00*
(10) *Extra Dual Voltage/Dual Polarity Transformers (each) $2,400.00*

If 120/208V 3 Phase power is available at the training location, power outlet required is: NEMA L21-30R 4 Pole 5 wire Grounding 30A 3ØY VAC Twist Lock

(11) If a 120V outlet is the only power source our Single-Phase to Three Phase Power conversion kit will simulate 120/208V 3 Phase power source.

The Single Phase to Three Phase Power Conversion Kit Includes all three below:
(one) 2KVA Transformer • (one) Phase Converter • (one) 3 Phase Transformer $19,500.00

(12) Custom prewired rolling platform for equipment above (recommended for travel $6,000.00

ADDITIONAL OPTIONS

(13) InductionTraining Coils with Pelican Case $2,700.00 (each)
(14) "Mastering Transformer Connections" Classroom Manual (11"x8.5") $65.00 (each)
(15) "Waterproof Field Guide" (8.5"x5.5") $60..00 (each)
(16) PowerPoint® (includes review questions and illustrated wiring guides) $430.00 (each)
(17) Dry Erase Boards 16"x19"...$75.00 (each) / 3'x3" ...$300.00 (each) / 4'x4' ...$400.00 (each)
(18) Custom Print Dry Erase Cabinet or Table Covers ...$600
(19) Custom Printed Non-Slip Padded Cabinet or Table Covers ...$600
(20) Transformer Worksheets (includes rights to reproduce sheets) ...$500
(21) Spare Parts, Metering and Tool Kit ...$3,400.00 (each)

• Prices DO NOT include shipping & handling • Taxes will be added without proof of tax exempt status •

(Effective Date 5/1/25 * All prices are subject to change without notice)

The Single Phase Equipment 120V _____ 120/208V 3 Phase Equipment_____
Dual Voltage/ Dual Polarity 3 Phase Power_____
Rolling Cabinet 2 Pole _____ Rolling Cabinet 3 Pole_____ Rolling Platform 2 pole_____
Rolling Table with Built-in Fault Current Reactor (FCR) _____Rolling Table w/o (FCR)_____
Wooden Storage inserts for Cabinet _____ Travel Case(s)_____
High Side Voltage_____ High Side Bushings_____ Low Side Bushings_____ QTY_____
High Side Voltage_____ High Side Bushings_____ Low Side Bushings_____ QTY_____
High Side Voltage_____ High Side Bushings_____ Low Side Bushings_____ QTY_____
High Side Voltage_____ High Side Bushings_____ Low Side Bushings_____ QTY_____
Primary Rod Color_____ Secondary Rod Color_____ Neutral Rod Color_____
